Chief/ Commander:

Here are the results from our efforts this past week at Hollywood Division related to violent crime.

As you know, we had our "All Hands on Deck" task force on Thursday and used a variety of entities (internal and external) to make some progress. The productivity is attached.

We will meet with our team tomorrow morning and discuss strategies, missions and enforcement for this week. More to come...

Respectfully,

Cory

Good morning Commander,

Please see the below listed recap for yesterday's Crime Reduction Task Forces sponsored by Hollywood GED and Vice...

GED Task Force

This Task Force included the following personnel/entities: Wilshire and Hollywood GED, Cal Trans, DMH, Metro Mounted, Metro Line Platoon, WTD, DOT, State Parole, and LA County Probation. The Task Force focused enforcement efforts in the area targeted for violent crime/gang activity in the Western corridor and HED area. The Task Force produced the following recap:

(2) Felony arrests, (8) Misd arrests, (4) Parole/Probation Compliance Checks, (13) Citations, and (23) FI Cards.

Vice Task Force

This Task Force included the following personnel/entities: Wilshire Vice, Hollywood Vice and PED Officers, ABC agents, and City Planning inspectors. The Task Force focused enforcement efforts in the HED area . The Task Force produced the following recap:

Below locations were cited and Vice officers will complete complaint applications as well.

2. Royal - 12.29 LAMC violation of conditions 5,14, and 20.
No CES and no dance hall permits
3. Secrets - 12.29 LAMC violation of conditions 10,29 and 36

6. Cosmo - 12.29 LAMC violation of condition 17 and 21
7. Scorpion - 12.29 LAMC violation of condition 12, 13 and 17
8. Jamieson - 12.29 LAMC violation of condition 12

In summary, Hollywood GED and Vice put together a solid plan for their respective Task Forces and with the support of other OWB GED and Vice squads, the results showed. Given everyone's efforts it should produce positive results and I'm sure Hollywood will see a reduction in violent crime as a result.

RELEASE: CITY COUNCIL VOTES TO REVOKE OPERATING PERMIT FOR CASHMERE NIGHTCLUB

Announcement follows recent violations, ranging from sexual assault to selling liquor to minors

CITY HALL -- Los Angeles City Councilmember Mitch O'Farrell announced Wednesday that the City Council affirmed the Department of City Planning's (DCP) decision to revoke a conditional use permit (CUP) for a Hollywood nightclub because of multiple land use violations and criminal activity.

Cashmere, also known as The Day After, located on Hollywood Boulevard at North McCadden Place, has been the focus of numerous investigations by the Los Angeles Police Department (LAPD) and the Los Angeles Department of Building and Safety (LADBS). In August 2015, a 20-year old male DJ died while employed at the nightclub, and in a separate incident in 2014, investigators say a female college student was sexually assaulted.

"The incidents at Cashmere presented the City with an opportunity to streamline the process of bringing rogue nightclubs into compliance," said Councilmember O'Farrell. "These events serve as an example of the brazenness of some club operators to thumb their nose at the law and their utter disregard for the safety and security of their employees and patrons."

When operating a bar or club in the City of Los Angeles, establishments must receive a CUP from the City. The permit dictates various rules for operation, which could include hours of operation, age restrictions, alcohol and food sales, capacity, and promotions. Many clubs in Hollywood have been cited for violating these types of conditions.

"My office has created a task force consisting of the City

Attorney's office, LAPD, DCP, LADBS, Los Angeles Fire Department, and Alcohol & Beverage Control to make sure scofflaw clubs like Cashmere comply with City permits: If they do not, we will shut down them down as expeditiously as possible, so nothing like this can happen again. Let this send a strong message.

This news comes on the heels of the closure of another Hollywood nightclub, Supperclub, which had been cited for multiple violations of its terms of probation with the City Attorney's office, and whose conditional use permit expired last week.

The Council action today will revoke Cashmere's CUP at their address on Hollywood Boulevard, and if the owners continue to operate, law enforcement can shut them down immediately.

RELEASE: CITY COUNCIL VOTES TO REVOKE OPERATING PERMIT FOR CASHMERE NIGHTCLUB

Announcement follows recent violations, ranging from sexual assault to selling liquor to minors

CITY HALL -- Los Angeles City Councilmember Mitch O'Farrell announced Wednesday that the City Council affirmed the Department of City Planning's (DCP) decision to revoke a conditional use permit (CUP) for a Hollywood nightclub because of multiple land use violations and criminal activity.

Cashmere, also known as The Day After, located on Hollywood Boulevard at North McCadden Place, has been the focus of numerous investigations by the Los Angeles Police Department (LAPD) and the Los Angeles Department of Building and Safety (LADBS). In August 2015, a 20-year old male DJ died while employed at the nightclub, and in a separate incident in 2014, investigators say a female college student was sexually assaulted.

"The incidents at Cashmere presented the City with an opportunity to streamline the process of bringing rogue nightclubs into compliance," said Councilmember O'Farrell. "These events serve as an example of the brazenness of some club operators to thumb their nose at the law and their utter disregard for the safety and security of their employees and patrons."

When operating a bar or club in the City of Los Angeles, establishments must receive a CUP from the City. The permit dictates various rules for operation, which could include hours of operation, age restrictions, alcohol and food sales, capacity, and promotions. Many clubs in Hollywood have been cited for violating these types of conditions.

"My office has created a task force consisting of the City

Attorney's office, LAPD, DCP, LADBS, Los Angeles Fire Department, and Alcohol & Beverage Control to make sure scofflaw clubs like Cashmere comply with City permits: If they do not, we will shut them down as expeditiously as possible, so nothing like this can happen again. Let this send a strong message.

This news comes on the heels of the closure of another Hollywood nightclub, Supperclub, which had been cited for multiple violations of its terms of probation with the City Attorney's office, and whose conditional use permit expired last week.

The Council action today will revoke Cashmere's CUP at their address on Hollywood Boulevard, and if the owners continue to operate, law enforcement can shut them down immediately.

Sir,

The plan for HED this weekend is as follows:

We have requested and anticipate deploying the Arrestee Transportation Vehicle on Sat and Sun

We will run Transient Enforcement and Assistance Task Force Friday and Saturday; utilizing the Arrestee Transportation Vehicle

We will transition to a 647 (F) Task Force for the latter part of Friday and Saturday. We will also utilize the Arrestee Transportation Vehicle.

Our Foot Beats in Sector-2 will deploy in the area of our historic violent crime locations (Hollywood and Las Palmas, Rusty Mullet) They will have a zero tolerance enforcement for any and all violations of law in the area.

We will utilize a Sector-3 Foot beat unit to the same at (Hollywood and Wilcox, The Playhouse)

Mobile Units will conduct traffic and investigative stops of any gangsters violating the vehicle code.

VICE/PED will operate in HED

U.C. VICE officers will walk throughout HED as roving OP's; PED units will act as their chase units. (Mission will be to target any potential violent type offenders violating the law in HED.

In addition; PED will conduct up fronts at Cosmo, Rusty Mullet, Tequila, and the Star Hookah.

A PED unit will be tasked with heavy enforcement around the Cosmo Night Club, Tequila Night Club and Star Hookah.

PED units will also enforce DIPS in parking lots in conjunction with HED units.

I have attached our current HOPE Car Reference list. The list identifies our problematic violent transients. We will distribute this list to all officers working this weekend. We will target these repeat offenders as part of this weekends plan. I will coordinate with Jeff, and obtain any information and top offenders list for gangsters who frequent Hollywood. Please let me know if you have any other questions.

Jeff, Alex, Chad, and Habib,

The below email details the violent crime reduction initiatives required by OWB. Crime missions will be re- evaluated daily. Specialized units will be expected to focus on violent crime reduction and the top chronic offenders. Results need to be reported to the daily crime control meeting by your units' daytime reps.

Captain Carranza and Rich Gabaldon will be developing the concept for a chronic offender list- please give them your input.

My opinion is that a transient offender based list, a gang based list, a prior robbery suspect based list, and a parole/ probation list should all be created and combined to form an overall chronic offender list.

Please use your combined brain power to help create a chronic offender system that will be effective. You are all outstanding leaders, and your leadership skills are necessary at this time to get all hands focused on violent crime reduction. Thank you!

All

As we discussed this evening March is all hands on deck for addressing violent crime. We need to be strong and persistent to give us a leg up for the rest of the year. The following is a recap of what OWB is mandating.

Bureau Initiatives

1. We need the daily report of your morning crime brief meetings. Any new trends and patterns, any changes in your missions. OWB CAD will evaluate this based upon our analysis. We will aid you in addressing emerging violent crime patterns
2. Back to basics. Please make ALL of your crime missions focused on violent crime. We suggest having only three or four missions for your area. Not separate missions for each watch. Too much can be problematic as officers stop paying attention to anything.
3. ALL of your missions must include a top 10 percent focus. Who are your top 10 percent problematic individuals. For GED and PCU these can be gang members and parolees. For patrol these will be people we want to focus on each time they go out and complete a mission. These can be top 10 percent aggressive transients etc. The missions need to be focused on paying attention to these problematic populations.

Area Mandates.

1. GED must work high violent crime RDs and missions. They need to go into the field each night with a list of gang members they need to pay special attention too. The list should be generated based upon current violence or the potential for violence. GED officers need to contact these individuals each night.

Parole and probation checks need to be a part of the missions.

2. PCU. PCU needs to work a VC mission and go out in the field each night with a list of compliance checks to complete. The list should be updated every two days and we need to get into a rotation. These will be the individuals you believe that are either responsible for violence or have a high propensity for violence. Violators need to go to jail before they commit crimes.
3. Vice needs to be deployed into your violent crime areas each night they are working. For those where violence is tied to ABC locations the checks need to be nonstop.
4. SLOS. Slos should not be on 3/12
(x-apple-data-detectors://0) if they are. SLOS will be organized into a VC TF three days a week and focus on violent crime locations. They too need to be part of the top 10 percent. SLOs should be tasked with addressing transient encampment locations that are tied to violent crime.
5. Patrol. Discretionary resources, especially that of the mid watches will be deployed into VC mission areas. As with GED and PCU these resources need to have a top 10 percent to focus on during their shift.

6. WTD discretionary motors will be deployed along line beats into VC areas based upon who needs the most help

7. Metro: Metro Missions will include top 10 percent focus also.

8. Multi Agency TF. Each of you (with the exception of Olympic and WLA) will develop a multi agency TF. The following schedule will be adhered too:

Week of March 7

(x-apple-data-detectors://1) : Wilshire

Week of March 14

(x-apple-data-detectors://2) Hollywood

Week of March 21

(x-apple-data-detectors://3) Pacific

OWB will be evaluating your missions as well as your top 10 percent lists for patrol, GED and PCU each week. Your lists need to be specific and based on intel from Detectives, SLOS and others.

Please ensure your missions are modified tomorrow

(x-apple-data-detectors://4) and submit them to OWB tomorrow morning

(x-apple-data-detectors://5) . Submit your top 10 percent lists by Friday morning

(x-apple-data-detectors://6) .

Thanks. We can do this!

Jeff, Alex, Chad, and Habib,

The below email details the violent crime reduction initiatives required by OWB. Crime missions will be re-evaluated daily. Specialized units will be expected to focus on violent crime reduction and the top chronic offenders. Results need to be reported to the daily crime control meeting by your units' daytime reps.

Captain Carranza and Rich Gabaldon will be developing the concept for a chronic offender list- please give them your input.

My opinion is that a transient offender based list, a gang based list, a prior robbery suspect based list, and a parole/ probation list should all be created and combined to form an overall chronic offender list.

Please use your combined brain power to help create a chronic offender system that will be effective. You are all outstanding leaders, and your leadership skills are necessary at this time to get all hands focused on violent crime reduction. Thank you!

Hi Captain Zarcone:

Jacqueline Fernandez from LA Independent is going to interview our boss in the morning re: this announcement. It's a nuts and bolts story, so basically she is just turning this release into their own story for print.

She wants to also talk to LAPD on this -- and hear first hand some of the problems your officers witness.

Do you mind if I share your contact info with Jacqueline? Her deadline is Monday.

RELEASE: CITY COUNCIL VOTES TO REVOKE OPERATING PERMIT FOR CASHMERE

NIGHTCLUB

Announcement follows recent violations, ranging from sexual assault to selling liquor to minors

CITY HALL -- Los Angeles City Councilmember Mitch O'Farrell announced Wednesday that the City Council affirmed the Department of City Planning's (DCP) decision to revoke a conditional use permit (CUP) for a Hollywood nightclub because of multiple land use violations and criminal activity.

Cashmere, also known as The Day After, located on Hollywood Boulevard at North McCadden Place, has been the focus of numerous investigations by the Los Angeles Police Department (LAPD) and the Los Angeles Department of Building and Safety (LADBS). In August 2015, a 20-year old male DJ died while employed at the nightclub, and in a separate incident in 2014, investigators say a female college student was sexually assaulted.

"The incidents at Cashmere presented the City with an opportunity to streamline the process of bringing rogue nightclubs into compliance," said Councilmember O'Farrell. "These events serve as an example of the brazenness of some club operators to thumb their nose at the the law and their utter disregard for the safety and security of their employees and patrons."

When operating a bar or club in the City of Los Angeles, establishments must receive a CUP from the City. The permit dictates various rules for operation, which could include hours of operation, age restrictions, alcohol and food sales, capacity, and promotions. Many clubs in Hollywood have been cited for violating these types of conditions.

"My office has created a task force consisting of the City Attorney's office, LAPD, DCP, LADBS, Los Angeles Fire Department, and Alcohol & Beverage Control to make sure scofflaw clubs like Cashmere comply with City permits: If they do not, we will shut them down as expeditiously as possible, so nothing like this can happen again. Let this send a strong message."

This news comes on the heels of the closure of another Hollywood nightclub, Supperclub, which had been cited for multiple violations of its terms of probation with the City Attorney's office, and whose conditional use permit expired last week.

The Council action today will revoke Cashmere's CUP at their address on

Hollywood Boulevard, and if the owners continue to operate, law enforcement can shut them down immediately.

RELEASE: CITY COUNCIL VOTES TO REVOKE OPERATING PERMIT FOR CASHMERE NIGHTCLUB

Announcement follows recent violations, ranging from sexual assault to selling liquor to minors

CITY HALL -- Los Angeles City Councilmember Mitch O'Farrell announced Wednesday that the City Council affirmed the Department of City Planning's (DCP) decision to revoke a conditional use permit (CUP) for a Hollywood nightclub because of multiple land use violations and criminal activity.

Cashmere, also known as The Day After, located on Hollywood Boulevard at North McCadden Place, has been the focus of numerous investigations by the Los Angeles Police Department (LAPD) and the Los Angeles Department of Building and Safety (LADBS). In August 2015, a 20-year old male DJ died while employed at the nightclub, and in a separate incident in 2014, investigators say a female college student was sexually assaulted.

"The incidents at Cashmere presented the City with an opportunity to streamline the process of bringing rogue nightclubs into compliance," said Councilmember O'Farrell. "These events serve as an example of the brazenness of some club operators to thumb their nose at the law and their utter disregard for the safety and security of their employees and patrons."

When operating a bar or club in the City of Los Angeles, establishments must receive a CUP from the City. The permit dictates various rules for operation, which could include hours of operation, age restrictions, alcohol and food sales, capacity, and promotions. Many clubs in Hollywood have been cited for violating these types of conditions.

"My office has created a task force consisting of the City Attorney's office, LAPD, DCP, LADBS, Los Angeles Fire Department, and Alcohol & Beverage Control to make sure scofflaw clubs like Cashmere comply with City permits: If they do not, we will shut them down as expeditiously as possible, so nothing like this can happen again. Let this send a strong message."

This news comes on the heels of the closure of another Hollywood nightclub, Supperclub, which had been cited for multiple violations of its terms of probation with the City Attorney's office, and whose conditional use permit expired last week.

The Council action today will revoke Cashmere's CUP at their address on Hollywood Boulevard, and if the owners continue to operate, law enforcement can shut them down immediately.

Sir,

The plan for HED this weekend is as follows:

We have requested and anticipate deploying the Arrestee Transportation Vehicle on Sat and Sun

We will run Transient Enforcement and Assistance Task Force Friday and Saturday; utilizing the Arrestee Transportation Vehicle

We will transition to a 647 (F) Task Force for the latter part of Friday and Saturday. We will also utilize the Arrestee Transportation Vehicle.

Our Foot Beats in Sector-2 will deploy in the area of our historic violent crime locations (Hollywood and Las Palmas, Rusty Mullet) They will have a zero tolerance enforcement for any and all violations of law in the area.

We will utilize a Sector-3 Foot beat unit to the same at (Hollywood and Wilcox, The Playhouse)

Mobile Units will conduct traffic and investigative stops of any gangsters violating the vehicle code.

VICE/PED will operate in HED

U.C. VICE officers will walk throughout HED as roving OP's; PED units will act as their chase units. (Mission will be to target any potential violent type offenders violating the law in HED.

In addition; PED will conduct up fronts at Cosmo, Rusty Mullet, Tequila, and the Star Hookah.

A PED unit will be tasked with heavy enforcement around the Cosmo Night Club, Tequila Night Club and Star Hookah.

PED units will also enforce DIPS in parking lots in conjunction with HED units.

I have attached our current HOPE Car Reference list. The list identifies our problematic violent transients. We will distribute this list to all officers working this weekend. We will target these repeat offenders as part of this weekends plan. I will coordinate with Jeff, and obtain any information and top offenders list for gangsters who frequent Hollywood. Please let me know if you have any other questions.

Jeff, Alex, Chad, and Habib,

The below email details the violent crime reduction initiatives required by OWB. Crime missions will be re- evaluated daily. Specialized units will be expected to focus on violent crime reduction and the top chronic offenders. Results need to be reported to the daily crime control meeting by your units' daytime reps.

Captain Carranza and Rich Gabaldon will be developing the concept for a chronic offender list- please give them your input.

My opinion is that a transient offender based list, a gang based list, a prior robbery suspect based list, and a parole/ probation list should all be created and combined to form an overall chronic offender list.

Please use your combined brain power to help create a chronic offender system that will be effective. You are all outstanding leaders, and your leadership skills are necessary at this time to get all hands focused on violent crime reduction. Thank you!

Subject: March Violent Crime all hands on deck

All

As we discussed this evening March is all hands on deck for addressing violent crime. We need to be strong and persistent to give us a leg up for the rest of the year. The following is a recap of what OWB is mandating.

Bureau Initiatives

1. We need the daily report of your morning crime brief meetings. Any new trends and patterns, any changes in your missions. OWB CAD will evaluate this based upon our analysis. We will aid you in addressing emerging violent crime patterns
2. Back to basics. Please make ALL of your crime missions focused on violent crime. We suggest having only three or four missions for your area. Not separate missions for each watch. Too much can be problematic as officers stop paying attention to anything.
3. ALL of your missions must include a top 10 percent focus. Who are your top 10 percent problematic individuals. For GED and PCU these can be gang members and parolees. For patrol these will be people we want to focus on each time they go out and complete a mission. These can be top 10 percent aggressive transients etc. The missions need to be focused on paying attention to these problematic populations.

Area Mandates.

1. GED must work high violent crime RDs and missions. They need to go into the field each night with a list of gang members they need to pay special attention too. The list should be generated based upon current violence or the potential for violence. GED officers need to contact these individuals each night.

Parole and probation checks need to be a part of the missions.

2. PCU. PCU needs to work a VC mission and go out in the field each night with a list of compliance checks to complete. The list should be updated every two days and we need to get into a rotation. These will be the individuals you believe that are either responsible for violence or have a high propensity for violence. Violators need to go to jail before they commit crimes.
3. Vice needs to be deployed into your violent crime areas each night they are working. For those where violence is tied to ABC locations the checks need to be nonstop.
4. SLOS. Slos should not be on 3/12
(x-apple-data-detectors://0) if they are. SLOS will be organized into a VC TF three days a week and focus on violent crime locations. They too need to be part of the top 10 percent. SLOs should be tasked with addressing transient encampment locations that are tied to violent crime.
5. Patrol. Discretionary resources, especially that of the mid watches will be deployed into VC mission areas. As with GED and PCU these resources need to have a top 10 percent to focus on during their shift.

6. WTD discretionary motors will be deployed along line beats into VC areas based upon who needs the most help

7. Metro: Metro Missions will include top 10 percent focus also.

8. Multi Agency TF. Each of you (with the exception of Olympic and WLA) will develop a multi agency TF. The following schedule will be adhered to:

Week of March 7

(x-apple-data-detectors://1) : Wilshire

Week of March 14

(x-apple-data-detectors://2) Hollywood

Week of March 21

(x-apple-data-detectors://3) Pacific

OWB will be evaluating your missions as well as your top 10 percent lists for patrol, GED and PCU each week. Your lists need to be specific and based on intel from Detectives, SLOS and others.

Please ensure your missions are modified tomorrow

(x-apple-data-detectors://4) and submit them to OWB tomorrow morning

(x-apple-data-detectors://5) . Submit your top 10 percent lists by Friday morning

(x-apple-data-detectors://6) .

Thanks. We can do this!

Sir,

The plan for HED this weekend is as follows:

- * We have requested and anticipate deploying the Arrestee Transportation Vehicle on Sat and Sun
- * We will run Transient Enforcement and Assistance Task Force Friday and Saturday; utilizing the Arrestee Transportation Vehicle
- * We will transition to a 647 (F) Task Force for the latter part of Friday and Saturday. We will also utilize the Arrestee Transportation Vehicle.
- * Our Foot Beats in Sector-2 will deploy in the area of our historic violent crime locations (Hollywood and Las Palmas, Rusty Mullet) They will have a zero tolerance enforcement for any and all violations of law in the area.
- * We will utilize a Sector-3 Foot beat unit to the same at (Hollywood and Wilcox, The Playhouse)
- * Mobile Units will conduct traffic and investigative stops of any gangsters violating the vehicle code.
- * VICE/PED will operate in HED
- * U.C. VICE officers will walk throughout HED as roving OP's; PED units will act as their chase units. (Mission will be to target any potential violent type offenders violating the law in HED.
- * In addition; PED will conduct up fronts at Cosmo, Rusty Mullet, Tequila, and the Star Hookah.
- * A PED unit will be tasked with heavy enforcement around the Cosmo Night Club, Tequila Night Club and Star Hookah.
- * PED units will also enforce DIPS in parking lots in conjunction with HED units.

I have attached our current HOPE Car Reference list. The list identifies our problematic violent transients. We will distribute this list to all officers working this weekend. We will target these repeat offenders as part of this weekends plan. I will coordinate with Jeff, and obtain any information and top offenders list for gangsters who frequent Hollywood. Please let me know if you have any other questions.
